Re: Case No 1:21-CV-20163  
Case Name Jones vs. Zuckerberg and  
Edwards

Dear Sir and Madam:

I, Bettyann Jones, am writing to you  
in regards to the case listed above.  
As I was reviewing the brief Mr.  
Pincus submitted I needed to clarify  
the fact Mr. Edwards was the one

who I had the conversations with and in conjunction to this matter Mr.

Zuckenberg was needed to reach Mr. Edwards.

Because when I asked for Mr. Edwards address he would not comply therefore I thought to contact Mark Zuckenberg since he is in partnership with him.

Tiege Brooks as I mentioned in my complaint won \$100,000.00 and presented to me via Snap shot his bank account with his prize deposited. Mr. Brooks stated he received his money in 24 hours not to mention he saw my name on the list the truck carrier had therefore notifying me to claim my prize.

After several attempts to receive what Juge Brooks and I had paid for I still have not received the \$100,000.00 but I did receive a fake check for 32,500.00.

Juge Brooks sent another 300.00

and needed me to send \$100.00 more

Because of the uncertainty of receiving the money cash I decided to bring the matter to court.

I have spoken with Mr. Edwards and he asked me to let go of the prize because Tyler Perry, Albert Morgan and other associates did not want me to have the prize. Juge Brooks had spoke with Albert Morgan to get help and when Albert Morgan

asked who Judge needed help for  
Albert Morgan made matters worse.

In closing in the past I have  
had court cases where my contract  
was broken and won in court  
therefore I ask Honorable Judge  
Robert B. Kugler to grant me  
the \$100,000.00, \$250.00, and  
anything else I am allowed to  
have.

I understand the penalties of  
perjury.

Yours Truly,  
Betteann Jones
